

NEW RANGE

ZODIAC® PRO

Don't just choose a boat,
choose your boat

Pro Classic 550

Pro Classic 550

Pro Touring 550

Pro Racing 550

The ideal boat represents the personality of its owner, its characteristics should be tailored to match the owner's boating interests.

With the remodeled Zodiac® Pro Range, owners finally have the chance to fully customize their boat.

Available in three model ranges, **CLASSIC**, **RACING** and **TOURING**, the **Zodiac® PRO** range offers unlimited choice – your choice. You design your boat by selecting the colour of its hull and buoyancy tube, the shape of the console, the bolster model, and the range of equipment best suited to your boating lifestyle.

The new **Zodiac® PRO** models are changing the rules of the game - mass-produced boats are a thing of the past! You're the boss!

Find out more about the three new model ranges:

- The **PRO CLASSIC** model: This legendary range now has a new, more dynamic look. Customers have the choice of either Strongan™DuoTex™ PVC or Hypalon™-Neoprene™ tubes, available in a variety of colours. With an enormous range of accessories and sizes from 4.2 to 7.5 metres, the options are endless.
- The **PRO RACING** model: This “high performance” boat has a sleek look thanks to its red black, and grey Hypalon™-Neoprene™ buoyancy tube. The Pro Racing model is ideal for boaters looking to indulge in water sports, and is available in 5 metre and 5.50 metre models.
- The **PRO TOURING** model: A fresh and vibrant model created for adventure, this highly inviting boat is sure to create unforgettable outings with family and friends. The Pro Touring range features a Strongan™DuoTex™ PVC fabric tube available in one of two colour schemes: Black/light grey or Royal Blue/light grey.

Indicated measurements may vary by +/- 3%, or +/- 5% for weight and speed measurements. (1) Maximum permitted load is calculated using ISO standards. Caution is advised when operating fully laden boats. (2) Recommended power is based on optimal use of the boat's abilities under average load. Depending on use, choose either maximum (waterskiing) or minimum power (fishing, cruising). (3) The manufacturer's plaque specifies maximum permitted power. The power of your boat must not exceed this under any circumstances. (4) Maximum permitted weight; dry weight, according to motor manufacturers' catalogue specifications. (5) Maximum speeds are intended as a guide only; they were measured in ideal conditions by professional pilots with one person aboard. They may vary according to make of motor, boat load, propeller type and water conditions. (6) Models in this catalogue are sometimes shown with optional accessories. Please check standard equipment supplied with each model and see your distributor for any additional equipment. The availability of certain models, as well as certain equipment details may vary from country to country (e.g. USA, Canada). The boats photographed in this catalogue may differ from the actual models. Zodiac® continually strives to improve the quality of its products and as such reserves the right to modify or delete any model presented in this catalogue without prior notice. Zodiac® recommends that a life jacket is worn at all times; it is your own responsibility to check the legal obligations on your navigation zone.

*5 year warranty on tube fabric and 2 year warranty on hull and tube assembling. Some warranty extensions are available depending on product and geographical areas. For more information please contact your local dealer or visit zodiacmarine.com.
